

Tims Ford State Park Looks to its 30th Anniversary by having a Heritage Day Celebration

Tims Ford State Park celebrates its 30th anniversary this fall mindful of the past and looking to the future. The park wants to recognize what was here before the park was established, and what better way than by remembering the history of the area and bringing that to the people who visit us here at the park.

The Heritage Day celebration is scheduled for Sept. 13 at Tims Ford State Park starting at 10:00 a.m. Area residents will get a chance to see photographs, documents, rare maps, and oral histories.

The park plans to have an all-day event, with the possibility of collecting more stories and pictures from people, and giving them a chance to re-connect with their neighbors. Schedules for the day will be available upon arrival. Come out and join the fun!!

Questions please call: Tims Ford State Park, Park Manager Mike Robertson or Park Ranger Monica Johnson 931-962-1183 or 1-800-471-5295
